## Mother's Demanding Role

### Excerpts from Pope Francis' reflection:

Mothers fulfill a vital role by helping children "look realistically at life's problems," without getting "lost in them," the pope said. A mother helps her children "to tackle" problems courageously and to become strong enough to overcome the problems they inevitably confront. A mother, said the pope, "knows how to balance things."

Pope Francis talked about mothers' roles during a May 4 visit to the Basilica of St. Mary Major, the oldest church in the West dedicated to Jesus' mother. May is observed in the church as a month of Mary.

During his visit Pope Francis accented Mary's motherhood. In her own life, Mary "saw many difficult moments," he noted. And "like a good mother she is close to us, so that we may never lose courage before the adversities of life" and "might feel her support in facing and overcoming the difficulties of our human and Christian journey." As a mother, Mary "teaches us to be, like her, capable of making definitive decisions; definitive choices," Pope Francis said.

Have a blessed MOTHER'S DAY!

## A sneak peek...

Below is a description of one of the workshops offered at the 2018 Las Vegas Diocesan Conference on Saturday, September 8th.

*(Go to page 3 for Conference details)*

**Speaker:** Dr. Jo Ann Paradise - sponsored by Our Sunday Visitor Curriculum

305. *Integrated Family Catechesis Is More Than One Gathering (Methodology)* "Should we do family catechesis?" The question is now, "What are the necessary elements of effective family catechesis?" We will explore the concept of integrated family catechesis that is systematic and intentional as it awakens, evangelizes, and catechizes parents leading them to a life of discipleship. All the while recognizing we must equip, support, affirm and challenge parents to see parenting as a vocation. Jo Ann will inspire you to meet families where they are and awaken in them the "holy longing" to live in relationship with God and his people.

### Sound interesting?!
